International Interlibrary Loan Committee Members 2014-2015

- **Poul Erlandsen** (Chair), Royal Library / Copenhagen University Library
- **Seangill Peter Bae**, Princeton University Library
- **Jennifer Block**, Princeton University Library
- **Beth Clausen**, Northwestern University in Qatar
- **Geneva R. Holliday**, University of North Carolina at Chapel Hill
- **Kurt I. Munson**, Northwestern University Library
- **Heidi Nance**, University of Washington Libraries
- **Hilary H. Thompson**, University of Maryland Libraries

Committee Charge

- Evaluate trends in international interlibrary loan and resource sharing
- Develop materials and resources for international interlibrary loan practitioners
- Sponsor and promote international interlibrary loan and resource sharing efforts, research projects, training and professional development and liaison opportunities.

Survey Background

- What's happening in International ILL?
- What changes do we see?
- What is getting easier?
- What is getting more difficult?

What Did They Measure?

- Who is doing international Interlibrary loan?
- Where do we see the traffic is going?
- How are requests being sent?
- What is being requested internationally – returnables/copies?
- Which delivery methods are being used?
- What if payment is involved – how are these transactions being handled?

How Was the Survey Distribute?

- Survey distributed in early March 2015
- Invitation to participate sent to listservs
- Help received from the IFLA ILDS
Committee

Number of Responses etc.

- 300 + libraries completed the survey
- 44 countries represented
- Survey instrument: Qualtrics

What has changed between
2011 and 2015?

Are we borrowing the same things?

Yes, the percentages are the same.

Do we lend the same things?

Materials loaned 2011

Materials loaned 2015

Again, this is the same. No changes.

Do we think request volume has increased or decreased?

Yes! This also.

Yes! It is up.

Challenges

Do we think copyright or e-resource license terms are restricting lending?

Difficult to say yes or no, but knowledge of this topic has increased.

What are the barriers to lending and borrowing?

STAR Checklist

The **ALA RUSA STARS Rethinking Resource Sharing STAR Checklist** provides library staff an opportunity to review and reflect on the policies and processes that comprise the resource sharing service they provide.

The STAR Checklist is designed to be aggressive, challenging library decision-makers to live on the front lines of rethinking resource sharing. There is no expectation that a single library will meet every item in the list. While aggressive, the Rethinking Resource Sharing Initiative also recognizes that achieving STAR status should be attainable.

Instructions: Consider printing the [Rethinking Resource Sharing STAR Checklist](#) so that you have time to consider each question, and indicate if the library is presently engaged in the activity/initiative/service/policy listed (2 points), or if there are plans to implement in the next 12 months (1 point), or if the library is not engaged with it (0 points). After reviewing the checklist, [submit your answers online](#).

Scoring: The highest possible score is 100. There are four STAR levels:
